

Paper 07 — Brand & Asset Identity

Colors, Typography, Logo and Complete Icon Specification

WHYCREMISI RESEARCH PAPERS – N.07
Brand Identity & Visual Asset System

1. Brand Philosophy

WhyCremisi is a professional tool for professional musicians. The visual identity reflects this: **no decoration**, **no noise** — only intentional elements with a precise function.

CREMISI RED – Action · Danger · Power · Precision
AMBER GOLD – Warmth · Sound · Organic · Suggestion
DEEP BLACK – Control · Focus · Mastery · Silence

The name "WhyCremisi" is always written as a single word, capital W and C. Never "Why Cremisi", never "whycremisi", never "WHYCREMISI".

2. Color Palette

Primary Colors

4. Logo Concept

CREMISI

AI MIX ASSISTANT

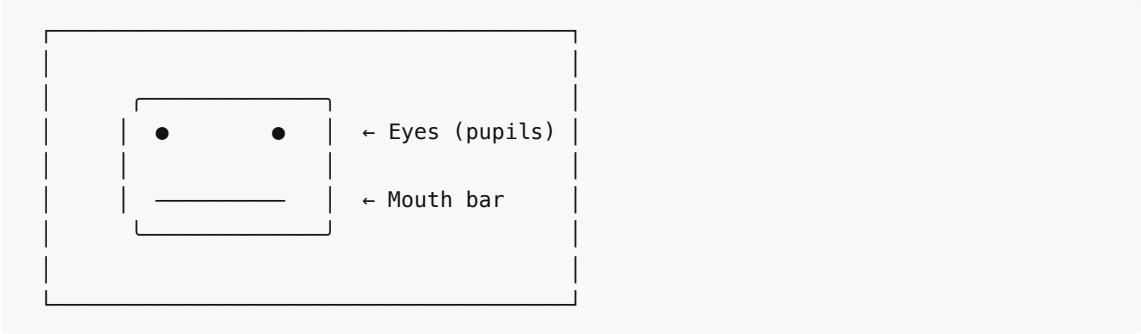

Mark: Stylised W with integrated diagonal slash
(the "Why" as question – always questioning the mix)

Color: Cremisi Red on Deep Black

Mono: White on Deep Black (for dark backgrounds)
Deep Black on White (for light contexts – never preferred)

5. BotFace — Mascot

The BotFace is WhyCremisi's AI mascot — animated SVG rendered inside the plugin UI via React + Framer Motion.

Emotional States (9 total)

State	Trigger	Animation
idle	Default	Slow eye blink, subtle float
thinking	Processing AI prompt	Eye rotation, spin
speaking	Streaming response	Mouth wave oscillation
happy	User accepts suggestion	Eyes curve up (smile)
surprised	Clip / loud signal	Eyes wide open
focused	Plugin parameter change	Eyes narrow
sad	User rejects suggestion	Eyes drop
alert	Error / critical state	Eyes red, fast pulse
sleeping	No interaction > 5min	Eyes closed, breath cycle

```

8. Animation Principles

Philosophy:	Everything that moves has a reason to move. No decorative animation.
Timing:	Fast responses – 150ms ease-out State changes – 200ms ease-in-out Data updates – 100ms linear Mascot idle – 2000–4000ms ease-in-out (organic)
Easing:	cubic-bezier(0.16, 1, 0.3, 1) – spring-like snaps ease-in-out – smooth state shifts

9. Voice and Tone

- ✓ Direct. Precise. No filler.
- ✓ Technical but not cryptic – translates jargon when helpful.
- ✓ Confident suggestions, never apologetic.
- ✓ Short sentences in chat. Maximum 2 lines before a break.
- x Never says "I think", "maybe", "perhaps".
- x Never repeats what the user just said.
- x Never adds "Let me know if you have any questions."
- x No emoji in professional contexts (only in casual/idle states).
